New Trade Opportunities
in Afghan Transit Trade (ATT)
Through Pakistan Intermodal Limited (PIL)

DISCOVER
PIL's CORE STRENGTH
Introducing New Services

"THROUGH BILL OF LADING"

Afghanistan and CIS Countries.

Comprehensive Multimodal Solutions

PIL excels in providing integrated multimodal transport solutions that seamlessly connect various modes of transportation to meet your diverse shipping and cargo needs.

Expertise in Cargo Handling

With years of experience in cargo handling, PIL ensures the safe and efficient movement of goods, delivering them to their final destinations with utmost care and professionalism.

Road and Rail Freight Logistics

PIL boasts a strong presence in road and rail freight logistics, offering efficient and cost-effective transportation solutions that optimize supply chain efficiency.

INITIATING A PROMISING PURSUIT

AFGHANISTAN TRANSIT TRADE (ATT)

Opening New Trade Routes

PIL is at the forefront of facilitating trade between Pakistan and Afghanistan, and in collaboration with leading shipping lines of the world, PIL is exploring new opportunities for economic growth and enhancing regional connectivity.

Overcoming Challenges

PIL understands the unique challenges of cross-border trade and is committed to providing innovative solutions to importers, exporters, freight forwarders and other stake holders in streamlining the transit process, ensuring smooth and efficient movement of goods.

Key Features of our Through BL Service

No Obligation of Container Security Deposit

When utilizing PIL's "Through Bill of Lading" service to Afghanistan, there is no requirement for a Container Security Deposit. This eliminates the need for customers to provide any additional financial security or collateral for their shipments.

Container Detention Charges

Customers availing the "Through Bill of Lading" service to Afghanistan will not incur any Container Detention Charges. PIL is committed to providing concentrated timeframes for cargo delivery, minimizing any delays or additional costs associated with container detention.

Final Destination Responsibility

PIL, in collaboration with the leading shipping lines of the world is proud to announce the "Through Bill of Lading" service which will clearly indicate the final destination in Afghanistan as the designated place of delivery. PIL, with shipping lines as the key partners of PIL, assumes full responsibility for ensuring the safe and timely delivery of the cargo to its final destinations within Afghanistan.

Transportation via Customs Bonded Carrier

PIL, through its strong network partners, utilizes Customs Bonded Carriers for transporting cargo from Karachi port to the final destination in Afghanistan. PIL as cargo carrier employs a combination of truck and train transport, ensuring optimal feasibility and efficiency in the transportation process.

Comprehensive Insurance Coverage

PIL offers comprehensive insurance coverage to cargo and containers to safeguard both the shipping line's equipment and the cargo throughout the entire transportation journey. This initiative of cargo insurance provides peace of mind and financial protection to ATT clients by covering potential losses or damages to their transported goods during transit.

Tracking and Tracing System

PIL has implemented a robust Tracking and Tracing System, which is closely supervised by Pakistan Customs. This system ensures transparency and visibility throughout the transportation journey, allowing customers to track their cargo's progress in real-time.

Haulage Charges

Through PIL ATT's business, shippers/ clients will manage to pay haulage charges in addition to ocean freight at the port of loading, ensuring smooth logistics operations and timely transportation of their goods. The advance haulage charges collected from shippers/ clients enable PIL and Shipping Lines to efficiently manage the transportation process, covering expenses related to sea freight, trucking, handling, and delivery of cargo from the origin port to its final destination. PIL also offers Ocean Freight inclusive of Haulage Charges for Afghanistan and CIS countries.

LOGISTICS CORRIDOR & LONG TERM FREIGHT RATES

Torkham Border Crossing

Situated in the Khyber Pass, the primary Torkham border crossing connects Pakistan's Peshawar city to Afghanistan's Jalalabad (in 7 days) and Kabul (in 9 days). It serves as a vital route for road transportation of goods between the two countries.

Chaman Border Crossing

Located in the Balochistan province, the Chaman border crossing links Pakistan's Quetta city to Afghanistan's Kandahar (in 5 days). This border crossing plays a crucial role in facilitating road transport of goods, offering an important trade route for businesses.

At PIL, we are dedicated to providing efficient, reliable, and secure transportation solutions for cargo destined for Afghanistan. Our "Through Bill of Lading" service, along with our extensive network and expertise, ensures a seamless and hassle-free experience for our valued customers.
